

July 17, 2015
Mitsubishi Paper Mills Ltd.

IOT EXPO 2015

Mitsubishi Paper Mills Ltd. will exhibit at the IOT EXPO 2015.

Exhibition: Internet of Things Technologies & Application Exhibition 2015 (IOT EXPO 2015)

Date: August 20-22, 2015

Place: Shenzhen Convention & Exhibition Center

Booth number: A116

URL: <http://eng.iotexpo.com.cn/>

Exhibition Content: "ThermoRewrite"

ThermoRewrite is a rewritable thermal recording material which is widely used as a key material of rewritable cards. By using ThermoRewrite, visual information can be renewed repeatedly. Therefore, latest and most up-to-date information can be shown on the card.

Major applications of ThermoRewrite are ID cards with validity date, Membership and Loyalty cards, Access control cards, Visitor Badges, etc.

Mitsubishi Paper Mills Ltd. is conducting demonstration of ThermoRewrite Technologies at the booth A116.
